BYE

Timing diagram for a 4-bit bus system showing a master-slave handshake. The master sends a 'BYE' signal, followed by a 'K1' signal, then another 'BYE' signal, and finally a 'K2' signal. The slave responds with a 'BYE' signal, followed by a 'K3' signal, and then another 'BYE' signal. The 'BYE' signals are high, and the 'K1', 'K2', and 'K3' signals are low. The 'BYE' signals are labeled 'BYE' and the 'K1', 'K2', and 'K3' signals are labeled 'K1', 'K2', and 'K3' respectively.
